<i>Other Charges</i>	
Charge of any kind affecting the land (not included in another item)	No

Particulars relating to Environment Protection

Further information held by councils

Does the council hold details of any development approvals relating to—

- (a) commercial or industrial activity at the land; or
- (b) a change in the use of the land or part of the land (within the meaning of the Development Act 1993) or the Planning, Development and Infrastructure Act 2016?

No

Note—The question relates to information that the council for the area in which the land is situated may hold. If the council answers "YES" to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from the council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A "YES" answer to paragraph (a) of the question may indicate that a potentially contaminating activity has taken place at the land (see sections 103C and 103H of the Environment Protection Act 1993) and that assessments or remediation of the land may be required at some future time.

It should be noted that—

- (a) the approval of development by a council does not necessarily mean that the development has taken place;
- (b) the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.

Particulars of Building Indemnity Insurance

Note—Building indemnity insurance is not required for—

- (a) domestic building work for which approval under the *Planning, Development and Infrastructure Act 2016*, the *repealed Development Act 1993* or the *repealed Building Act 1971* is or was not required; or
- (b) minor domestic building work (see section 3 of *the Building Work Contractors Act 1995*); or
- (c) domestic building work commenced before 1 May 1987; or
- (d) building work in respect of which an exemption from the application of Division 3 of Part 5 of the *Building Work Contractors Act 1995* applies under the *Building Work Contractors Regulations 2011*; or
- (e) building work in respect of which an exemption from the application of Division 3 of Part 5 of the *Building Work Contractors Act 1995* has been granted under section 45 of that Act.

Details of building indemnity insurance still in existence for building work on the land:

Building Indemnity Insurance is required: **No** (refer above note):

- 1 Name(s) of person(s) insured:
- 2 Name of insurer:
- 3 Limitations on the liability of the insurer.....
- 4 Name of builder:
- 5 Builder's licence number:
- 6 Date of issue of insurance:
- 7 Description of insured building work:
.....

Exemption from holding insurance:

If particulars of insurance are not given, has an exemption been granted under section 45 of the Building Work Contractors Act 1995 from the requirement to hold an insurance policy in accordance with Division 3 of Part 5 of that Act?

No

If YES, give details:

- (a) Date of the exemption:
- (b) Name of builder granted the exemption:
- (c) Licence number of builder granted the exemption:.....
- (d) Details of building work to which the exemption applies:
.....
- (e) Details of conditions (if any) to which the exemption is subject:
.....

COUNCIL INFORMATION AND ADVISORY NOTES

This information is provided as additional information, it is not information that Council is statutorily obliged to provide.

- **Aluminium Composite Panel Cladding (ACP)** is defined as flat or profiled aluminium sheet material in composite with any type of material. ACP is an external building cladding material which can create a fire risk if used or installed incorrectly.

Both Vendors and Purchasers should take reasonable steps to determine if ACP has been identified on any buildings on the land, and also the status of any required remediation works related to the presence of ACP on such building.

- **Planning and Design Code** - Council takes this opportunity to inform you that a new planning system is now in effect across South Australia. This system is underpinned by *the Planning, Development and Infrastructure Act 2016* which replaced the *Development Act 1993*.

Under the new Act, Council Development Plans have now been replaced by the Planning and Design Code. This came into effect on 19 March 2021.

For further information regarding the new planning system, please visit the PlanSA portal:
www.plan.sa.gov.au

ADVISORY NOTE 1 - Smoke Detectors - The Planning, Development and Infrastructure (General) regulations 2017 (Regulation 95) require the installation of suitable smoke alarms in all Class 1 & 2 (residential premises) buildings. New owners are required to comply with these requirements.

ADVISORY NOTE 2 - Septic Tank Effluent Disposal Scheme - the townships of Kingscote, American River and Parndana are serviced by an effluent disposal scheme which is operated and maintained by the Kangaroo Island Council. Some allotments may not be provided with a connection or may have drains installed over a portion of the property which may restrict the location of future buildings and require access to be maintained for maintenance and asset replacement purposes. For specific information enquire at the Council office.

ADVISORY NOTE 3 - Watercourses - An owner of a land that has a watercourse running through or adjacent to the land must comply with the Landscapes South Australia Act 2019. Approval may be required to deposit anything in the water course obstruct the watercourse or do anything that might result in the obstruction of the watercourse, alter the course of the watercourse, or remove rock sand or soil from the bed or banks of the watercourse or otherwise interfere with the bed or banks of a watercourse, unless authorised to do so by the Relevant Authority.

ADVISORY NOTE 4 – Further Information – Should you seek any further detail additional to the above information provided pursuant to the *Land and Business (Sale and Conveyancing) Act 1994*, an application must be made in writing to Council, indicating the specific nature of the information being sought. Records retrieval of photocopying charges may apply.

Zones

Neighbourhood (N)

Subzones

No

Zoning overlays

Overlays

Hazards (Bushfire - General) (General)

The Hazards (Bushfire - General) Overlay seeks to ensure development responds to the general level of bushfire risk by siting and designed buildings to mitigate threat and impact of bushfires on life and property and facilitate access for emergency service vehicles.

Hazards (Flooding - Evidence Required)

The Hazards (Flooding - Evidence Required) Overlay adopts a precautionary approach to mitigate potential impacts of potential flood risk through appropriate siting and design of development.

Native Vegetation

The Native Vegetation Overlay seeks to protect, retain and restore areas of native vegetation.

Is the land situated in a State Heritage Place/Area

No

Open the SA Heritage Places Database Search tool to find the locations' Heritage Place Details.

<http://maps.sa.gov.au/heritagesearch/HeritageSearchLocation.aspx>

Is the land designated as a Local Heritage Place

No

Open the SA Heritage Places Database Search tool to find the locations' Heritage Place Details.

<http://maps.sa.gov.au/heritagesearch/HeritageSearchLocation.aspx>

Is there a tree or stand of trees declared in Part 10 of the Planning and Design Code (the Code) to be a significant tree or trees on the land? (Note: there may be regulated and/or significant trees on the land that are not listed in the Code - see below).

NO

Under the Planning, Development and Infrastructure Act 2016 (the Act), a tree may be declared as a significant tree in the Code, or it may be declared as a significant or regulated tree by the Planning, Development and Infrastructure (General) Regulations 2017. Under the Act, protections exist for trees declared to be significant and/or regulated trees. Further information regarding protected trees can be found on the PlanSA website: <https://plan.sa.gov.au/>

Open the Online Planning and Design Code to browse the full Code and Part 10 - Significant Trees for more information.
